ABOUT MYSELF

As an experienced Full Stack Developer with a strong foundation in technology and a passion for Linux, I bring a diverse skill set, blending technical expertise with a solution-driven mindset. Known for delivering high-quality projects and effective team collaboration, I thrive in dynamic environments. Eager to learn, I am committed to continuous growth and scalable, efficient solutions.

WORK EXPERIENCE

Freelance Developer

01/06/2024 – Current

Managed client relationships and delivered tailored web solutions, from concept to deployment.

- **Custom WordPress site** for an association supporting unaccompanied foreign minors: design and development of a personalized theme.

Website <https://majie.org>

- **Django-based web application** for archiving and showcasing archaeological excavation resources: API and frontend development.

- **Angular 19 site**: full development and deployment of a modern web portfolio.

Web developer 36Pixels web agency

15/12/2021 – 15/12/2022 Noisy-le-Grand, France (remotely)

- **WordPress Management**: Installed, maintained, and deployed multiple WordPress websites using ACF Pro, WooCommerce, Popup Builder, and Gravity Forms.

- **Custom Web Development**: Created and customized web pages with custom themes, PHP templates, hooks, and JS/SCSS for clients like Freelance.com, Nutrilien, and Viltier.

- **Database Management**: Managed databases with SQL queries and PhpMyAdmin.

- **Development Tools**: Utilized GitLab for version control and CI/CD pipelines, with Gulp/Webpack for code compilation.

Project manager Centre socioculturel Tempo

02/07/2012 – 31/12/2019 Blain, France

- **Project Management for Digital Inequality**: Assessed challenges, developed action plans, and coordinated social actors to address digital access.

- **Mini-FabLab Creation**: Set up and trained users on 3D printers, digital cutters, and embroidery machines.

- **Intergenerational Digital Workshops**: Facilitated computer repairs, Linux installations, and digital inclusion support for all ages.

- **Social Computer Refurbishment Program**: Managed assessment, repair, and Linux installation on refurbished hardware for social sales.

Sociocultural facilitator Various organizations

04/06/2006 – 28/12/2012 Bordeaux, France

- **Educational Project Design**: Developed and implemented projects tailored to audience needs and organizational goals.

- **Team Management & Training**: Recruited, managed, and trained volunteer and professional facilitators.

- **Activity Facilitation**: Led educational activities and daily management for groups aged 3 to 18.

Hobbies and interests

Music: played the piano in multiple jazz, hip hop, funk, or rock bands

Theatre: one year of practice in a community center, currently looking for a group in Almeria

Other hobbies: sailing, literature, video games

Portfolio

EDUCATION AND TRAINING

● Degree in Applications development *OpenClassrooms*

15/02/2023 – 15/03/2024 Paris, France (remotely)

Equivalent in France to the Spanish **Grado Superior in Web Application Development**

- **API Development:** Built a full-featured API from scratch using Django Rest Framework and SimpleJWT, adhering to OWASP and GDPR standards.
- **Social Website Creation:** Developed a Django-based social platform with a ticketing system and post feed.
- **Flask Application Fixes:** Resolved issues in a Flask web app using Test-Driven Development (TDD) methodology.
- **Monolith to Microservices:** Converted a monolithic Django app into a multi-service architecture, implementing error tracking (Sentry), documentation (ReadTheDocs), CI/CD (CircleCI), and version control (GitHub).

Website <https://openclassrooms.com> Level in EQF EQF level 6

● Dejeeps Développement de projet, territoire et réseaux *Cemeas*

Pays de La Loire
